中國語言文學文學士（榮譽）學位課程
BA (Hons) in Chinese Language and Literature

本課程旨在幫助學生在中國語言、文學和文化等範疇獲取專業知識，為學生提供研究方法、思維判斷及解決問題等方面的基礎訓練，並培養學生的道德品質，促進個人成長及啟發終生學習精神，為開展未來事業作好準備。這些也是香港浸會大學「全人教育」理念的具體實踐，以期為本地和國際社會作出貢獻。

中文系深知令學生盡早接觸校外真實環境的重要性。因此，我系主辦、協辦並參與以下學習計劃，幫助學生培養世界視野，增廣見聞。

The Programme is committed to providing students with a thorough training in Chinese language, literature, and culture. Through acquiring knowledge of basic research methods, problem-solving skills, and critical thinking skills, students are not only able to achieve their academic goals but also to build moral character and be enlightened in various ways essential to their personal growth, such as the commitment to lifelong learning and preparation for future careers. This serves the University's common goal of "Whole Person Education", and empowers students to make a contribution to both the local and international communities.

The Department is well aware that it is important for students to be exposed to the real world early, so that they may acquire a global outlook and expand their horizons. To help students achieve these goals, the Department organises, co-organises, and/or takes part in the following study programmes:

文化學習班
CULTURAL STUDY GROUP

為期一至兩周，每年六月或十二月舉辦。通過實地考察，學生能充分瞭解當地文化。當地協辦的高等院校也會安排一系列專題講座，讓學生獲取相關知識。過去曾到過湖南長沙及河南安陽。

Cultural Study Group is a one-week or fortnight field trip held in June or December every year. Participants gain an in-depth understanding of the culture of the area. They also learn relevant knowledge by attending lectures organised by the host institutions. In the past, students have been to Changsha and Anyang.

學生感言
STUDENTS' FEEDBACK

「站在殷代的遺址之上，親眼看見殷人留給我們的歷史文物，我感受到中華文明的偉大和源遠流長，作為炎黃子孫之一，也為她的強韌力而感到自豪。」

"I really enjoyed the time I spent in Anyang, especially at the Museum of Yinxu. There, I had a feeling the ancient history that I'd read was brought to live. My understanding of the relics and other archaeological findings on display was deepened as I had the opportunity to see them myself."

交換生計劃
THE STUDENT EXCHANGE PROGRAMME

本系鼓勵學生於在學期間到香港以外的大學學習一學期或一學年，較多學生選擇內地的大學，也有學生赴臺灣、英國、美國、德國、芬蘭和捷克等地。另一方面，其他國家 / 地區的學生也可以按照協約來交換學習，或個別申請到本系學習。

The Student Exchange Programme offers precious opportunities for students of the Chinese Department to spend one semester or one academic year studying outside Hong Kong. The most common destinations of our exchange students are universities in the mainland. However, a few students have chosen to study in countries further afield, such as Taiwan, the UK, the USA, Germany, Finland and the Czech Republic. In return, students from the mainland and other countries/regions come as exchange students to study at the Department.

交換生感言
EXCHANGE STUDENTS' COMMENTS

「學習方面，圖書館超級好。可以借好多書，很晚還可以去借書，而且書的種類也確實很多。學校方面，主要是感覺到中文系老師、同學待我們都很好。」

"The excellent services of the HKBU Library provided great assistance in my study. I could check out plenty of books, even very late at night. Its collection comprised a large spectrum of materials. At the Department, we felt very welcome in our exchanges with teachers and classmates."

遊歷美國德州
In Texas, U.S.A.

「這幾個月令我覺得人生最有趣的事情是跟不同的人交流交心交談，無邊的時空無邊的話題，還有寬闊而接近的心靈。

在我交流的北京首都師範大學這個微型地球村裏，每天接觸來自世界各地的不同人種，在努力說着普通話、拿着筷子吃飯，我愈來愈為自己擁有美麗的黑眼睛和獨特的黃皮膚感到驕傲！」

"In those few months I found it most interesting to make friends and socialize with people of different backgrounds. In these exchanges, I chatted with new friends endlessly, on all kinds of topics. I explored an infiniteness of souls which could be so close to mine.

It was a microcosm of the world at the Beijing Normal University, where I studied. Every day, as I saw those international students of different backgrounds learning to speak Mandarin and eat with chopsticks, I noticed a growth in my pride in my beautiful brown pupils and yellowish complexion."

工作實習
INTERNSHIP

參與同學於暑假期間參加實習工作，到出版社、電台和中學等機構吸收工作經驗。根據統計資料，本計劃顯著提升了本系畢業生的就業成功率。參與實習計劃的機構對本系同學給予高度肯定，他們也為本校爭得了榮譽。

Our Internship Programme includes learning programmes which are carried out in summer breaks at participating publishers, radio stations and secondary schools. The programme offers an opportunity for students to gain work experience. Statistics show that the programme significantly increases the success rate for new employment of the Department's graduates. The programme has also won a good reputation for the University because the units give high credit to students who have completed the programme.

實習期間於書展工作
Work at book exhibition during internship

「實習期間，我對學術出版的編輯工作有了更深刻體會。編輯不但要具備優秀的語文能力、協作能力，更重要的是對於自己專業領域以外的知識有廣泛的涉獵、獨立思考批判能力、專業而精準的判斷力，還有一份對學術思想傳播的承擔和堅持。」

"Getting my hands on the editorial work for a scholarly journal during my time as an intern was a great experience. I learned that an editor must not only possess good language and collaborative skills, but more importantly s/he must be aware of knowledge beyond his/her own area of expertise. S/he must be able to think critically and independently, make professional and accurate judgments, and uphold the perpetuation of academic thinking."

"The year I spent at the University of Leeds opened my eyes to different people and cultures. There I found myself being more willing to explore and break out of my comfort zone. There I found an even greater appreciation of the subject I was studying (English Literature). There I found new meaning and layers to my own identity. This experience not only prepared me for my postgraduate studies, but for life as well – I would not give it up for anything."

海外交換生計劃
OVERSEAS EXCHANGE PROGRAMME

透過參加由大學舉辦的海外交換生計劃，學生有機會在海外的夥伴大學中學習。

Students have opportunities to study abroad in partner institutions by joining the University's Overseas Exchange Programme.

我參加了一個讀書俱樂部，要在辛苦的學習時間之外額外分配時間來讀書，實在是個挑戰，不過我也借此瞭解了歐洲文明的思想。最難忘的莫過於開學迎新周，不同國家的人分在同一組，獨在異鄉的大家聚在一起反而並不覺得寂寞。在荷蘭，學生獨居一室也是常有之事，而獨居也使人更加珍惜自己工作與思考的時間，以及友誼的體驗。週末我會和好友去不同的地方旅行，短短半年時間我已行走過十數個國家，如今能分辨出每個國家不同的文化甚至性格，收穫的遠不止是旅途中的快樂。

It was really a challenge for me to join a reading club, which was not an easy task in the busy study mode here. However, I understand more about the thoughts of European civilization. The most memorable experience is the orientation week. Students from different countries were grouped together and mingled with each other without boundaries. In The Netherlands, it is common for students to live in single room in a dormitory. Solitude could help you treasure the time of working and thinking, as well as experiencing friendship. During weekend, I travelled a lot with friends to neighbouring places. I visited over ten countries in half-year time, and now I am able to distinguish cultures and characters of different countries. What I was rewarded was more than the happiness during the trips.

暑期實習計劃
SUMMER INTERNSHIP PROGRAMME

自 2002 年起，本系每年都會舉辦暑期實習計劃供本系學生參加。他們獲派到本港各非政府機構、社會企業、立法會議員辦事處、公營機構或商業機構擔任暑期實習生。透過暑期實習，學生不但能擴闊視野，鞏固在課堂上所學的知識，也可以獲得寶貴的工作經驗，讓他們在畢業後可以更快地找到工作方向，投入社會。

The Department organizes Summer Internship Programme for our students since 2002 to work in NGOs (Non-governmental Organisations), social enterprises, offices of Legislative Councilors, and institutions from public and private sectors. Students can widen their exposure through working, relate the real life with their studies, gain valuable working experience and be able to identify their career path after graduation.

就業前景
CAREER PROSPECTS

本課程提供優良的學術訓練，讓學生進行獨立的學術研究，並於畢業後有能力從事進一步的學術研究。就業方面，畢業生不單可以投身教育界，任教「倫理及宗教」及「通識教育」，也可從事文化、出版工作，服務於宗教團體屬下的社會服務機構，或從事政府及商業機構的行政工作。近年，社會對高等教育功能的理解漸趨改變，高等教育中批判的思考分析、創意、靈活性及廣博的知識面越發得到重視，香港的僱主亦更期望畢業生具備此等質素，而非狹隘的專業技能。在今天，一位接受良好宗教、哲學及倫理訓練的畢業生可以在廣闊的職場中建立事業、實踐理想。

根據學生事務處就業調查所顯示，本系畢業生近數年的就業率均接近 100%，2016 年畢業生月薪的平均值接近港幣一萬四千五百元，在文學院各課程中位列第三。

The programme provides high-quality training which enables students to engage in independent academic research. Graduates in RPE will be well-equipped for postgraduate studies. Graduates can also expect to find a career not only in the field of teaching in *Ethics and Religious Studies* and *Liberal Studies*, but also in cultural affairs, publication business, in religion-related social service agencies, or going to the administration sector in the civil service as well as in the business sector. Recently the whole concept of the function of higher education has changed. The significant role of higher education is the training of analytical and critical thinking, creativity and flexibility, and a broad base of knowledge. Employers in Hong Kong are looking for these qualities rather than hard skills in a very narrow scope which may become obsolete in several years. Nowadays, graduate with good training in religion, philosophy and ethics can go into a wide variety of fields for career development.

According to the employment survey conducted by the Office of Student Affairs, our graduates have nearly 100% employment rate in recent years. The mean monthly salary of 2016 graduates nearly reached HK$14,500, ranking the third among all programmes offered by the Faculty of Arts.

整個實習過程給予我很多學習的機會，例如採訪作家、協助簡單的編輯工作，令我獲益良多。我有機會協助殯儀服務，甚至能夠在旁觀察化妝師如何幫死者化妝換衣。看見同事為每一個喪禮構思主題及程序、佈置場地和撰寫述史，我明白無論對死者還是家屬，舉行一個好的喪禮是一件很重要的事。我覺得某程度上，一個人對殯儀工作的態度代表著他對生命的尊重。我很慶幸自己曾經在從心會社實習。

I learnt a lot from the internship in Soul-mate, such as interviewing writer and assisting simple editing task. I could also help in funeral service, and even observing how a mortuary beautician applied makeup and dressed for the deceased. While witnessing colleagues in planning ceremony theme and rundown of each funeral, decorating venue and writing obituary and eulogy, it made me understand that it is of utmost importance in arranging a good funeral for the deceased and the family. To some extent, one's attitude towards funeral service may represent his/her respect for life. I was happy that I once worked here as an intern.

待人要公平、處事要公正雖是老生常談，但面對利益和利潤時，真正做到公平、顧及商業道德的人又有多少？很慶幸這個實習計劃讓我有機會在公平點實習，我親身體驗到 NGO (非政府機構) 的運作、加深了對公平貿易的認識，並學習到很多價值觀。這不但令我認清了自己的職業路向——在 NGO 工作，更使我反思究竟何謂「平等」和「公義」。

The importance of being fair and just is an old saying. Yet who can really be fair and ethical in the business world when facing interest and profit? I am very happy to work in Fair Circle, which gave me the first-hand experience to work in an NGO (Non-governmental Organisation). My understanding towards fair trade and its values behind was much deepened. The internship not only convinced myself to pursue career in NGO after graduation, it also let me reflect more on what equality and justice mean.

為兒童議會提供傳譯服務
Interpreting for the Children's Council

翻譯學文學士（榮譽）學位課程
BA (Hons) in Translation

開闊眼界 從翻譯開始
TRANSLATION – OPEN UP A WHOLE NEW WORLD!

為甚麼學翻譯？翻譯讓你思考文化差異，探索語言的種種可能。

喜歡電影？何不做字幕翻譯？迷小說？那麼試試文學翻譯。是個電玩迷？「軟件在地化」是對的選擇。

翻譯助人溝通，是學問，也是藝術。翻譯讓你開闊眼界，訓練思考。如果翻譯不用大腦，全靠機器，就會鬧出下面這個笑話：

Translation — it's about languages, about cultures, and about how you can bridge the gap between them. It's about exploring and explaining ideas, about finding the right words at the right time, and about being there when a business deal's on the line and you're the only person who can tell both sides what they're saying to each other.

Translation is great too because you can apply it to any area you're interested in. If you're into movies, then why not go into film subtitling? If you like reading novels, then try literary translation. And computer games? Then go for "software localization" — translating and adapting software for the local market. Almost any area you can think of needs translation. Quite simply, without it – and its oral form, interpreting — this world couldn't function as it does.

Take a look around you — translation is everywhere. And it's not always good! For example, how about this road sign from Hainan Island? Something is clearly wrong with the translation!

浸會大學翻譯學課程
THE BU TRANSLATION PROGRAMME

翻譯學課程讓同學認識各種翻譯現象，掌握翻譯的知識和技巧，處理不同語言、文化之間的差異。

課程涵蓋廣泛，包括筆譯、口譯、高階英語訓練、專業翻譯（例如科技翻譯、傳媒翻譯、戲劇翻譯）、翻譯史、翻譯理論以及跨文化研究（例如翻譯中的文化、哲學及性別課題），著重師生之間雙向溝通，讓同學在實踐中學習，在交流中成長。

翻譯學課程也非常重視學習與專業實踐的結合，鼓勵同學承接委託翻譯項目，並將此類項目納入實踐性課程中。在既往的二十多年裏，我們與口、筆譯業界建立了廣泛長久的合作關係，為幫助同學尋找實習機會提供了極佳的條件。

學習期間，同學還可到海外遊學。浸大的大學合作網絡遍佈全球，無論是為人熟知的英美學府，還是非比尋常的挪威甚至愛莎尼亞，種種機會，任你挑選！

課程的老師在教學、翻譯和研究方面成就卓越，並以全人教育為己任，致力培養同學成為精於溝通、善於思考、勇於求知的通才。

On the BU Translation Programme, we'll teach you how to produce good translations that are effective and professional. But we'll also teach you about how and why translation phenomena arise — how and why cultures perceive things differently, and how you can negotiate those differences.

So what do you get if you join us at BU Translation? In our core courses, we offer training in written translation and oral interpretation, with plenty of practice and a lot of individual feedback on your work, so that you're always improving your skills — throughout the programme. We'll offer you plenty of training in advanced English usage too, as well as a series of electives that address more specific interests — like translation for science and technology, media translation, and drama translation, just to name a few. And of course, it's not just practice. You'll also get a training in the more theoretical aspects of translation and intercultural studies — such as the history of translation, the philosophical issues that underlie translation, and the issue of gender in translation.

At BU Translation, we also place strong emphasis on linking your studies to professional practice. We encourage our students to undertake commissioned jobs and we build such jobs into our practice-based courses. We have a longstanding and extensive network of employer contacts from the translation and interpreting industries, built up over more than twenty years, so we're also ideally placed to help you explore internship options.

During your degree, you'll also have opportunities for student exchange overseas. We have an extensive network of universities abroad for you to choose from — be it the UK, US, or somewhere you hadn't thought of, like Norway or even Estonia!

All of this is delivered by a group of staff who really care for their students in a way that's special to BU, and whose academic credentials are second to none in the region.

No. Applied Learning subjects will not be considered as elective subjects in the score calculation.
